DONOHUE FOR ASSEMBLY CAMPAIGN COMMITTEE

November 4, 2026

To the voters of Wisconsin Assembly District 46:

While my aspiration to become your Representative for Wisconsin Assembly District 46 was unsuccessful in this general election, I am yet highly gratified by the many expressions of support rendered by so many voters across our district. I am evermore grateful for yours. Thank you.

I am an eternal optimist. Our Conservative Cause here in our District 46 and the State of Wisconsin will now rally in anticipation of our future. We have a great opportunity to continue our Constitutional Conservative cause by continuing to heed the diverse voices on issues important to all of us. We must faithfully continue our march toward first-best solutions to the challenges ahead.

The years from here onward are crucial for our state. There is always much that needs to be done. And with the endorsement you provided me by virtue of your nomination signatures, contributions of time and money, campaign support expertise, words of encouragement, placement of yard signs and literature, and of course your votes, I will continue my civic work, hopeful for your confidence in the future of our Great State.

May God richly bless you and your family.

With my highest regards,

/s/

John Donohue
